DoorDash, Moscow ID - *Food Delivery Driver*

MARCH 2020 - PRESENT

- Providing visual and written logs for food delivery transactions.
- Requires strong multitasking skills and an ability to convey information productively.

EDUCATION

University of Idaho - *Computer Science*

AUGUST 2018 - MAY 2024

As a double major in different fields, Computer Science has taken longer than four years. I am currently enrolled in 300 level courses, making me the equivalent of a Computer Science Junior. I have a strong understanding of computer science concepts, and have collaborated with other computer scientists on several projects.

Skills attained from Computer Science include an understanding of multiple programming languages, abstract mathematics, team coordination and leadership, and technical writing.

Lionel Hampton School of Music - *Saxophone Performance*

AUGUST 2018 - MAY 2022

Saxophone Performance and the Lionel Hampton School of Music has truly been my home during my time at the University. Being in several ensembles per semester, engaging in club activities, and keeping a personal practice routine - all the while excelling in an unrelated field - has given me a strong ability to multitask and structure my weeks effectively.

Skills attained from Saxophone Performance include pattern recognition, creative and technical writing, and an aptitude for group collaboration.

AWARDS

Meyers, Cathy Cummings Memorial Scholarship - *Music Scholarship*

2022-2023

Club President - *Saxophones at the University of Idaho*

2022-2023

...organizing weekly board member meetings, fundraising events, and grant writing for funding
